

SUBJECT:

Yard and Security Lighting Service

AVAILABILITY:

Available to all consumers for yard lighting and other lighting purposes.

TYPE OF SERVICE:

Single phase at readily available voltage for lights.

CONDITIONS OF SERVICE:

- All wiring, pole lines, and other electrical equipment beyond the service point will be considered the distribution system of the consumer and shall be furnished and maintained by the consumer.
- The Seller shall furnish, install, operate, and maintain the outdoor lighting equipment including the lamp, luminaire, bracket attachment and control device on an existing pole of the Seller, electrically connected so that the power for operation of the light does not pass through the meter for the consumer's other usage, at the location mutually agreeable to both the Seller and the Consumer.
- The Seller shall maintain the lighting equipment, including lamp replacement, at no additional cost to the consumer as soon as reasonably possible after the Consumer notifies the Seller of the need for maintenance of the lighting equipment, except that any damage to the lamps and luminaires resulting from vandalism may be charged to the consumer at cost as a separate item on the bill for service. Outages should be promptly reported.
- The lighting equipment shall remain the property of the Seller. The consumer shall protect the lighting equipment from deliberate damage.
- The 400 watt mercury lighting category will no longer be offered to the members. This means that those already using a 400 watt light will continue to receive service at the rates listed below but that no new 400 watt mercury lighting services will be added.

MONTHLY RATE:

- For lights mounted on existing Cooperative poles:
 - 100 Watt Light \$10.75 per month
 - 400 Watt Light \$12.00 per month
- Where additional poles, a separate transformer, or major wiring is required:
 - Additional charge of \$1.00 per month

TERMS OF PAYMENT:

The above rates are net, the gross rates being 5% higher. In the event the current monthly bill is not paid within fifteen (15) days from the date of the bill, the gross rates shall apply. If the bill is unpaid in 25 days, service is subject to disconnection.

RATE ADJUSTMENTS:

Rate adjustments upward or downward, reflecting power costs, tax changes, changing economic conditions, and other costs will be made by the Board of Directors to keep the Cooperative in a sound financial condition.
