## Policy 304

### Wiring Of Premises - Responsibility

---

#### **POLICY:**

The use of electric energy upon the premises of the member is at the risk of the member, and the Cooperative's liability shall cease at the point of delivery where its facilities are connected to the member's wiring.

#### **RESPONSIBILITY:**

Member

#### **PROCEDURE:**

1. The Cooperative reserves the right to refuse or discontinue service to the consumer's equipment or wiring where such equipment is in hazardous condition.
2. The Cooperative may request an inspection by the Electrical Inspector if a hazardous condition is noted and remains uncorrected.
